the smile

A story about beauty and horror. The definitive biopic documentary, delving into the life and downfall of Knud Dendermonde, the infamous damsel-devouring horror-movie actor we all know as The Smile. Through interviews, movie clips, and exclusive behind-the-scenes footage, the shocking truth is finally revealed.

Badtime Stories

The Smile is the second episode of the Badtime Stories, following the critically acclaimed stop-motion horror comedy, **Under The Apple Tree**. The Badtime Stories (series or anthology film) explore the relationship between humans and animals through offbeat, darkly comedic tales.
